

Cadillac

NEXT GENERATION 2015

ESCALADE

# ESCALADE

Escalade Premium Collection / Dark Granite Metallic

The next-generation Escalade. Is the arrival of the most anticipated generation of Cadillac's crown jewel worthy merely of an introduction or should it be more of a celebration? We would argue the latter considering the level of design, craftsmanship and detail that transformed it into the epitome of luxury. The charge of taking an American icon and elevating it to extraordinary new heights, which previously existed solely in the hearts and imagination of the world's finest designers and artisans, was as exhilarating and monumental as the vehicle itself. Welcome to the Cadillac of Escalades.

THE CADILLAC  
OF ESCALADES

Escalade Premium Collection / Majestic Plum Metallic

## ONE SIGNATURE

Some people look at an automobile and all they see is metal and glass. But the Escalade sculptors, designers and craftsmen are true artists with a real passion for the automotive form. They immerse themselves in everything about the vehicle and infuse their spirit into everything the vehicle becomes. They feel, and we agree, that it's truly amazing to bring something handcrafted into the world.

A PERSONAL TOUCH WILL  
ALWAYS BE OF THE UTMOST  
IMPORTANCE. AND THE  
ONLY WAY WE KNOW HOW TO  
ACHIEVE THAT IS BY SIMPLY  
USING OUR HANDS.

THE TRUEST LUXURY CAN  
ONLY BE ACHIEVED WHEN WE  
FIND THE SMALLEST  
DETAILS AND GIVE THEM  
OUR HIGHEST  
LEVEL OF ATTENTION.

## OUR CROWN JEWEL, CUT AND CRAFTED TO FORM

Finding the perfect elements to create a uniquely Escalade interior required searching the world over, so we did just that. With the finest materials in hand, 11 interior artisans endeavored to capture the essence of absolute luxury by dramatically layering fabrics and textures specifically chosen to complement one another. The hand-wrapped and cross-stitched heated steering wheel, dressed in leather, adds a personal touch. Exceptionally comfortable and supportive leather seating surfaces create a new level of Escalade sophistication. Even the center console, armrest and instrument panel trim are taut, cut-and-sewn masterpieces.

Escalade Premium Collection / Shale with Cocoa Accents and American Walnut Trim

**Authentic Wood Throughout**  
Each interior theme inspired our designers to choose the perfect genuine wood accompaniment. Jet Black is paired with exotic Santos Palisander. Shale received a distinctive American Walnut. Available Kona Brown is complemented with a Natural Finish Elm that will only grow richer with time.

**Quietest Escalade Ever**  
Acoustic front glass, triple-sealed doors and the use of Bose® Active Noise Cancellation create a serene interior. The Bose technology actively monitors and measures undesirable cabin noise and sends a canceling frequency through the speakers to reduce powertrain sounds.

**Heated and Cooled Front Seats**  
When it comes to comfort, feeling is believing. That's why the perforated Mulan leather driver and front-passenger seatbacks and cushions are both heated and cooled.

OUR ARTISANS WORK IN LEATHER,  
WOOD AND MICROCHIPS

If artists are defined by their work, then the engineers who designed and implemented the electronics in the next-generation Escalade deserve a place among the greats. Consider this a time when modern technology meets modern art.

**HEAD-UP DISPLAY** The available reconfigurable Head-Up Display offers a full-color interface that conveniently projects desired information – such as speed, engine rpm, navigation and more – on the windshield. This smart system places all the important information in your natural line of sight so you can keep your focus on the road ahead. **RECONFIGURABLE DISPLAY** Customize your 12.3" diagonal LCD gauge display to one of four personas that mixes traditional vehicle data with navigation, entertainment and detailed 3-D vehicle images. The 16-speaker **BOSE® CENTERPOINT® SURROUND SOUND SYSTEM** features Advanced Staging Technology, an innovation that creates an immersive sound that brings you the feeling of being front row, center stage. **CADILLAC CUE** Displayed on an intuitive screen, CUE<sup>1</sup> – Cadillac User Experience – functions like a tablet with touch features, device synchronization and the ability to recognize your natural voice. **NAVIGATION/NAVTRAFFIC** Standard navigation<sup>2</sup> brings constantly updated maps to your 8" diagonal CUE<sup>1</sup> touch screen, while NavTraffic<sup>3</sup>, included for three trial months, keeps you informed of the latest traffic conditions. **REAR-SEAT ENTERTAINMENT SYSTEM** Our available Rear-Seat Entertainment System features a large 9" screen (two screens in ESV), along with first-in-class Blu-ray™ playback. Add in MP3

capability and two sets of wireless headphones, and your passengers are in for hours of enjoyment. **ONSTAR®** The Directions & Connections<sup>®4</sup> Plan, included for one year, features Automatic Crash Response<sup>5</sup> Hands-Free Calling<sup>6</sup> Stolen Vehicle Assistance<sup>7</sup> the RemoteLink<sup>®</sup> mobile app<sup>8</sup> and more.

12 | 1. Full functionality requires compatible Bluetooth® and smartphone. Some devices require USB connectivity. 2. Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. 3. If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Service Agreement for complete terms and geographic limitations at [siriusxm.com](http://siriusxm.com). Other fees and taxes will apply. All fees and programming subject to change. 4. Visit [onstar.com](http://onstar.com) for coverage map, details and system limitations. 5. Visit [onstar.com](http://onstar.com) for coverage map,

details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. 6. OnStar Hands-Free Calling requires existing OnStar service contract and prepaid minutes. Visit [onstar.com](http://onstar.com) for coverage map. 7. Services vary by model and conditions. 8. Available on select Apple®, Android™, BlackBerry® and Windows® devices. Services vary by device, vehicle and conditions. Requires an active OnStar subscription.

EVEN THE SECOND AND THIRD ROWS  
ARE FIRST CLASS

**POWER-FOLDING THIRD-ROW SEATS** All it takes is mere seconds for these seats to fold flat, letting you go from passenger space to cargo space and back in no time.

**HEATED SECOND-ROW SEATS** Our second-row seats make a great first impression, providing warmth, comfort and luxury in abundance.

**POWER-RELEASE FOLD-AND-TUMBLE SECOND-ROW SEATS** In the Luxury and Premium Collections, a simple touch of a button sends the second row in motion, making it infinitely more convenient for rear passengers to enter the spacious third row.

**SPACE FOR EVERYTHING** With the third-row seats folded flat, the Escalade ESV offers 120.5 cubic feet of cargo space<sup>1</sup> and more storage compartments than ever before.

**CARGO MANAGEMENT SYSTEM** More storage means you can bring more of what matters to you. The system located behind the third row provides additional underfloor space. Simply lift the hinged door to find a compartment that's hidden from view yet easy to access.

**CENTER CONSOLE STORAGE** A smartphone deserves a smart console. That's why we created one with multiple USB<sup>2</sup> ports and a layered soft-touch tray. It has an intelligently designed section for your electronic devices and overall room to accommodate a tablet or small laptop. And because not all things run on USB, there's the 110-volt power outlet.

Escalade Premium Collection / Kona Brown With Natural Finish Elm Trim

THE UNMISTAKABLE  
LINES OF ESCALADE BEGIN  
WITH AN IDEA. OUR ARTISANS  
THEN USE THEIR HANDS TO  
BRING TO LIFE WHAT'S IN THE  
DESIGNER'S HEAD.

**UNCOVERING OUR LATEST ICON TOOK THE  
STROKES OF GENIUSES.** This is not a computer model. This is not a concept  
3-D drawing. This is literally a mobile work of art, sculpted by dedicated hands. Every line, every  
bevel and every curve has been painstakingly rendered by artisans who live and love their craft.

Escalade ESV Premium Collection / White Diamond Tricolor

A woman with long dark hair, wearing a dark coat and sneakers, is smiling and holding a large, rectangular Cadillac headlight assembly. The background is a solid light blue. On the far left, a vertical strip shows a close-up of a Cadillac headlight. On the far right, a vertical strip shows a close-up of a Cadillac taillight.

FUNCTIONALITY AND  
BEAUTY WERE TWO SIDES  
OF THE SAME COIN FOR  
THE ESCALADE, WITH  
EACH AS CRUCIAL TO  
SUCCESS AS THE OTHER.

A man with glasses, wearing a dark suit and a white shirt, is standing and holding a large, rectangular Cadillac taillight assembly. The background is a solid light blue. On the far left, a vertical strip shows a close-up of a Cadillac headlight. On the far right, a vertical strip shows a close-up of a Cadillac taillight.

THE ICONIC CADILLAC  
TAILLAMP SIGNATURE  
RECEIVED A MODERN  
INTERPRETATION AND,  
IN THE PROCESS, BECAME  
AN INSTANT CLASSIC.

Escalade Premium Collection / Dark Granite Metallic

#### Advanced Forward Lighting

There's brilliance behind the brilliance. Full LED headlamps – including industry-first Total Internal Reflectance LED high-beam technology – use less power while supplying greater performance and produce an exclusive and vibrant razor-like vertical light signature. In addition, cornering lamps on the Premium Collection engage when sensors indicate the vehicle is turning, projecting light to the side of the vehicle to better illuminate your path.

## SCIENCE AND ART PROUDLY DISPLAYED IN A SINGLE MUSEUM

#### INTELLIBEAM HEADLAMPS

When oncoming headlamps are sensed or when taillamps are detected in front of you, IntelliBeam headlamps intuitively adjust between low and high beam. It's a perfect example of dim being bright.

#### ACTIVE AERO GRILLE SHUTTERS

These grille shutters automatically close at highway speeds to maximize aerodynamics and open at lower speeds when additional engine cooling may be required.

#### POWER-RETRACTABLE ASSIST STEPS

An engraved invitation to enter Escalade. Power-retractable assist steps feature LED lighting that illuminates the surrounding area to ease vehicle entry and help you find solid footing. Available on the Premium Collection.

#### INVISIBLE REAR WIPER

This is what happens when artists and engineers design an SUV – you get a sleek and clean exterior. And a simple thing like a rear wiper is not going to get in the way of that. Instead of cutting into the beauty of Escalade, it is brilliantly concealed when not in use, clearing your rear vision while enhancing its bold aesthetics.

#### HANDS-FREE POWER LIFTGATE WITH PROGRAMMABLE MEMORY HEIGHT

With the keyless access fob in your pocket or purse, this first-in-class feature lets you simply place your foot under the rear bumper for true hands-free access. The memory height function lets you program how high the gate will open, helping you avoid dings in low-ceiling garages.

#### 22-INCH WHEELS

Available 22-inch wheels don't just turn heads. They're crafted with a full-forming process to help save weight while creating a strong wheel. And the tires on Escalade have been engineered to balance incredible traction and optimal fuel economy.<sup>1</sup>

#### Light-Blade LED Taillamps

Our best shine bright. Full LED taillamps boast a clean, classic appearance, but that's far from the end of the story. These long-lasting lights also use less power and activate 200 milliseconds faster than an incandescent bulb, which could give the driver behind you extra time to react when it's most important.

THE ONLY WAY TO MAKE  
ESCALADE BETTER

Escalade Premium Collection / Black Raven

IS TO ADD  
MORE ESCALADE

Escalade ESV Premium Collection / Black Raven

As with every aspect of this icon, the additional 20 inches of **ESCALADE ESV** aren't just for show. The extra room provides generous luxury for up to eight passengers – including 10 more inches of third-row legroom. There's nearly 121 cubic feet<sup>1</sup> of cargo capacity with all seats folded – that's 26.7 cubic feet<sup>1</sup> more than the standard wheelbase Escalade – not to mention 39.3 cubic feet<sup>1</sup> behind the third row. And the ESV was designed with larger rear doors that open wide to allow easy entry or exit, proving we'll go to great lengths to make sure you're fully accommodated.

<sup>1</sup> Cargo and load capacity limited by weight and distribution.

BETTER DOESN'T  
ALWAYS MEAN BIGGER

The 6.2L V8 engine is the beast inside the beauty, with both best-in-class standard horsepower and better V8 fuel economy<sup>1</sup> than any competitor. **INCREASED HP AND TORQUE** Our engineers took the challenge: leverage advanced technology to get more out of an already legendary powerplant. The end result is 420 hp and 460 lb.-ft. of torque – impressive leaps over the previous generation. **SPARK IGNITION DIRECT INJECTION** injects gasoline directly into the combustion chamber of each cylinder, enabling improvements in horsepower, torque and fuel efficiency!<sup>1</sup> **VARIABLE VALVE TIMING** controls the valves during intake and exhaust, allowing the engine to operate more efficiently and, at the same time, helps improve low-rpm torque and high-rpm horsepower. Escalade achieves **BETTER V8 FUEL ECONOMY THAN ANY OTHER LARGE LUXURY SUV,<sup>1</sup>** thanks in part to **ACTIVE FUEL MANAGEMENT**, which deactivates four cylinders when added power is not needed, such as at cruising speed.

**The luxury of available 4WD:** Selectable four-wheel drive only seems like a luxury until you need it. Include a standard Trailering Package as well and go from extravagance to essential. **Magnetic Ride Control suspension:** This technology adds balance to the athletic performance of Escalade with driver-selectable Touring and Sport modes. It reads the road up to 1,000 times a second as magnetic particles suspended in fluid react to a magnetic field that adjusts the suspension to ever-changing road conditions. Like a gymnast balancing on a beam, Magnetic Ride Control gives Escalade a ride of almost supernatural grace.

1. Escalade and Escalade ESV 2WD: EPA-estimated 15 MPG city/21 highway. Escalade 4WD: EPA-estimated 14 MPG city/21 highway. Escalade ESV 4WD: EPA-estimated 14 MPG city/20 highway.

IN THIS CASE, "OVERPROTECTIVE"  
IS A COMPLIMENT

Safety starts with a strong foundation. And every Escalade has one, including a safety cage constructed using ultra-high-strength steel alloys. Safety is further enhanced with crumple zones (shown in red) designed to help protect you and your passengers when the unexpected happens. And since there's safety in numbers, the Escalade is equipped with seven strategically located airbags,<sup>1</sup> including the first-ever luxury SUV Front Center Airbag designed to help reduce the risk of injury to the driver and passenger in a side-impact situation. Vehicle protection is serious business. So we've equipped the Luxury and Premium Collections with the seriously protective Theft-Deterrent Package, including glass breakage, interior motion and inclination sensors, door lock shields, and a self-powered horn.

1. Always use safety belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information.

ESCALADE HOLDS SELF-AWARENESS  
IN THE HIGHEST REGARD

## ESCALADE HOLDS SELF-AWARENESS IN THE HIGHEST REGARD

LANE CHANGE ALERT

SIDE BLIND ZONE ALERT

LANE DEPARTURE WARNING

FORWARD COLLISION ALERT,  
FRONT AUTOMATIC BRAKING  
AND ADAPTIVE CRUISE CONTROL

The Luxury and Premium Collections offer a **DRIVER AWARENESS PACKAGE** with a class-exclusive **SAFETY ALERT SEAT** that sends pulses through the seat cushion on the left or right or simultaneously, alerting you to a variety of potential hazards as well as the direction they're coming from; **FORWARD COLLISION ALERT** that uses a forward-facing front camera to detect and warn you when an impact may be imminent; and **LANE DEPARTURE WARNING** that monitors road lines and alerts you when the vehicle begins to drift into another lane without the use of a turn signal. A **DRIVER ASSIST PACKAGE** offered on the Premium Collection features **ADAPTIVE CRUISE CONTROL**, which uses forward-looking radar and camera technology to naturally maintain a driver-selected following distance from the vehicle ahead, even in stop-and-go traffic. **FRONT AND REAR AUTOMATIC BRAKING** detects when a frontal or rear collision is imminent and automatically applies braking to lessen impact severity or perhaps avoid certain low-speed situations altogether. Also included in the Driver Assist Package is **AUTOMATIC SAFETY BELT TIGHTENING** to help keep your belt precisely where it needs to be. Offered on Luxury and

Premium Collections is **REAR CROSS-TRAFFIC ALERT**, which uses sensors to sweep the left and right areas to the sides of your Escalade when you back out of parking spots and alerts you to approaching vehicles; **SIDE BLIND ZONE ALERT**, which alerts you with a side-mirror warning icon if a vehicle is in your blind spot before you merge or make a lane change; and **LANE CHANGE ALERT**, which surveys the areas well beyond the side blind zones and flashes the side-mirror warning icon to alert you of rapidly approaching vehicles.

Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times.

# Cadillac

## OWNER BENEFITS

We have created the most comprehensive suite of owner benefits offered by any luxury automotive brand in the world, providing everything our Cadillac owners need and everything they deserve.

### PREMIUM CARE MAINTENANCE

We provide a maintenance program that Mercedes-Benz, Audi and Lexus cannot match. Standard on all 2011 and newer vehicles, the Cadillac Premium Care Maintenance program covers routine oil changes, tire rotations, certain air filter replacements and a thorough multipoint vehicle inspection for 4 years or 50,000 miles.<sup>1</sup>

### WARRANTY PROTECTION

The Cadillac 6-year or 70,000-mile<sup>2</sup> Powertrain Warranty offers more years and miles standard than BMW, Mercedes-Benz and Audi. In addition, our 4-year or 50,000-mile<sup>2</sup> Bumper-to-Bumper Warranty covers repairs on your entire vehicle, including parts and labor, to correct any concerns in materials or workmanship.

### COURTESY TRANSPORTATION

This program provides alternative transportation and/or reimbursement of certain transportation expenses if your Cadillac requires warranty repairs for 6 years or 70,000 miles.<sup>3</sup> That is more years of service standard than any leading luxury automaker.

### ROADSIDE ASSISTANCE

Cadillac offers more years of standard Roadside Assistance than any leading luxury automaker, with services for 6 years or 70,000 miles.<sup>3</sup> This 24/7 program provides lockout, towing, refueling, Dealer Technician Roadside services and more.

The OnStar<sup>®4</sup> Directions & Connections<sup>®</sup> Plan allows you to push one button to connect with a specially trained Advisor to find the things and places you need. Get directions or a diagnostics check while you drive. Make calls with both hands on the wheel, and control your vehicle with the OnStar RemoteLink<sup>®</sup> mobile app.<sup>5</sup> And, as always, get help immediately in a crash or an emergency. Escalade comes standard with one year of the OnStar Directions & Connections Plan.

### EMERGENCY BY ONSTAR

With Automatic Crash Response,<sup>6</sup> in many crashes, built-in sensors can automatically alert a specially trained OnStar Advisor who is immediately connected into your Cadillac to see if you need help sent to your exact location. Other OnStar emergency services include Injury Severity Prediction and First Assist, which ensure you quickly get the help you need when seconds matter most.

### SECURITY BY ONSTAR

If you've reported your Cadillac stolen, OnStar can use GPS technology to help authorities quickly locate and recover it. An OnStar Advisor can further assist authorities by sending a remote signal to activate Stolen Vehicle Slowdown,<sup>7</sup> which can gradually slow the vehicle to a stop to aid in its recovery. Advisors can also enable a Remote Ignition Block<sup>7</sup>, making it impossible to restart a stolen vehicle once it has been turned off.

### NAVIGATION BY ONSTAR

Just push the blue OnStar button, and an Advisor can download turn-by-turn directions<sup>4</sup> to your Cadillac. A voice will then call out every turn, or the directions can be sent to your navigation system, if equipped. You can also plan routes using MapQuest.com<sup>®</sup> and send them to your vehicle.

### CONNECTIONS BY ONSTAR

Available Hands-Free Calling<sup>8</sup> capability from OnStar allows you to make and receive calls safely from your Cadillac. With the OnStar RemoteLink mobile app, you can access real-time information and control your vehicle from anywhere you have cell phone service. With a few simple steps, you can find a destination with the RemoteLink app and send directions right to your vehicle.

### DIAGNOSTICS BY ONSTAR

With the most comprehensive diagnostics<sup>7</sup> from OnStar, maintaining your Cadillac can be as simple as checking your email or your OnStar RemoteLink mobile app. Every month, you can receive an email with the status of key operating systems, or push your blue OnStar button for a real-time diagnostics check on demand.<sup>10</sup>

### MYCADILLAC APP<sup>9</sup>

The ingenuity of the Escalade doesn't stop with the vehicle. As a Cadillac owner, an advanced app is available for your new car. From virtually anywhere at any time, a few taps of your finger on your iPhone<sup>®</sup> or Android<sup>™</sup> smartphone let you access features such as parking reminders, Roadside Assistance and more. Plus, in conjunction with the OnStar RemoteLink app, you'll have the ability<sup>10</sup> to remotely start your vehicle (when factory-equipped with remote start) from any place you have cell service and lock and unlock your doors. In addition, you can access key diagnostic information, including fuel tank level and range and remaining oil life.

1. Whichever comes first. See dealer for select scheduled maintenance details. 2. Whichever comes first. See dealer for limited warranty details. 3. Whichever comes first. 4. Visit onstar.com for coverage map, details and system limitations. Services vary by conditions. 5. Available on select Apple<sup>®</sup>, Android<sup>™</sup>, BlackBerry<sup>®</sup> and Windows<sup>®</sup> devices. Services vary by device and conditions. Requires active OnStar subscription. 6. Visit onstar.com for details and system limitations. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. 7. Service varies with conditions. 8. Requires an existing OnStar service contract and prepaid minutes. Visit onstar.com for coverage map, details and system limitations. 9. Requires iPhone<sup>®</sup> or Android<sup>™</sup> mobile device. 10. Requires active OnStar subscription.

1. Not compatible with all devices. 2. Requires a subscription, sold separately by SiriusXM after the trial period. SiriusXM Satellite Radio service only available in the 48 contiguous United States and the District of Columbia. For more information and to view Customer Agreement, visit [siriusxm.com](#). 3. Go to [gmtotalconnect.com](#) to find out which Bluetooth phones are compatible with this vehicle. 4. Adaptive Cruise Control is no substitute for the driver's personal responsibility to operate the vehicle in a safe manner. The driver needs to remain attentive to traffic and road conditions and provide the steering, braking or other inputs necessary to retain control of the vehicle. 5. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. 6. Visit [onstar.com](#) for coverage map, details and system limitations. 7. Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada. 8. If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Service Agreement for complete terms and geographic limitations at [siriusxm.com](#). Other fees and taxes will apply. All fees and programming subject to change. 9. Always use safety belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information. 10. Before making a lane change, always check the Side Blind Zone Alert display and the side and inside rear mirrors, look over your shoulder for vehicles and hazards, and activate the turn signal.

ABOUT THIS CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing (April 2014), please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or start and end model years at different times. Note: Some photographs in this catalog show vehicles with optional equipment.

**ONSTAR®** OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (466-7827) or visit [onstar.com](#) for OnStar's Terms and Conditions, Privacy Policy, and details and system limitations.

**ENGINES** Cadillac products are equipped with engines produced by GM Powertrain or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

**TIRE SEALANT AND COMPRESSOR KIT** If your vehicle has a tire sealant and compressor kit, it uses a liquid tire sealant to temporarily seal up to a 1/4-inch puncture in the tread area of the tire. After using the inflator kit, it is recommended that you take the tire to an authorized dealer for inspection and repair as soon as possible but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than 1/4 inch, or a tire that has unseated from the wheel. The sealant can only be used on one tire one time before its expiration date.

**ASSEMBLY** Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

**UPDATED SERVICE INFORMATION** Cadillac dealers receive useful service bulletins about Cadillac products. You may purchase them from Helm Incorporated by calling 1-800-551-4123 or by visiting [www.helminc.com](#).

**NEW-VEHICLE LIMITED WARRANTY** World-class coverage comes standard on every 2015 Cadillac. This warranty is for Cadillac vehicles registered in the U.S.A. See your Cadillac dealer for terms and conditions.

**COVERED FOR 6 YEARS/70,000 MILES (WHICHEVER COMES FIRST)** Powertrain Limited Warranty with no deductible, Roadside Assistance Program¹ and Courtesy Transportation Program!²

**COVERED FOR 4 YEARS/50,000 MILES (WHICHEVER COMES FIRST)** Bumper-to-Bumper coverage; tires – defects in material and workmanship; repairs made to correct any vehicle defect; corrosion on body sheet metal panels.

**RUST-THROUGH COVERAGE** Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Any body sheet metal that rusts through (in the form of an actual hole in the sheet metal) is covered for six years and unlimited mileage. Cosmetic or surface corrosion – resulting from stone chips or scratches in the paint, for example – is not included in the rust-through coverage. Application of additional rust-inhibiting materials is not required under the rust-through coverage and none is recommended. See your Cadillac dealer for terms of this limited warranty.

**FLEET ORDERS** Some standard content may be deleted with fleet orders. See dealer for details.

1. Roadside Assistance Program and Courtesy Transportation Program are not part of the New-Vehicle Limited Warranty. A separate booklet titled "Warranty and Owner Assistance Information" furnished with each new vehicle provides detailed warranty coverage information.
